## Fantasy Book club

06/11/2025

We are happy to introduce The Fantasy Book Club, a new reading group for students interested in exploring the fantasy genre through discussion and shared reading. The club aims to create a relaxed space where we can enjoy talking about style and ideas in contemporary fantasy literature. Everyone is welcome to register and join the club but please note that all readings will be conducted in English. In this website, you can find information on our meeting times and locations, what we're currently reading and what we've read so far. The first INFORMATIVE meeting will take place on 19th Nov. 19:30-20:00 in Room Neil McLaren (Facultad de Filosofía y Letras). Scan the QR in the poster for details on how to join and when we'll meet. The Fantasy Book Club is a project by Adrián Castro Cortés.
