### LEARNING OUTCOMES

The main objective of the course is the initial teacher training in the field of Visual Arts in Elementary Education. This course is the only compulsory training in Art Education that future teachers are expected to attend. The course tries to provide conceptual, procedural and attitudinal knowledge for the students' basic training as Elementary Education Teachers. Specifically, the course deals with the artistic training from the fundamental contents of the Visual Arts discipline.

The desirable objectives of the teaching/learning process are:

- To critically value the different theories around Art Education throughout history.
- To know the psycho pedagogical and methodological principles and rules in Visual Arts in Elementary Education.
- To know the different teaching models in Visual Arts and learn to value them as complementary pedagogical methods as well as to be able to implement them for different objectives.
- To comprehend and to use artistic languages as unique forms of knowledge and

expression, understanding that art is a way of knowledge of the world and our stance on it.

- To learn classical artistic techniques and materials such as drawing, painting, sculpturing, photography, engraving, puppetry, etc. and to develop from them projects of artistic creation, both individually and in groups.
- To learn about contemporary art techniques and materials such as video, digital photography, installation, happening, performance, land art, TV, mobile phones, etc., and to develop from them projects of artistic creation, both individually and in groups.
- To develop general knowledge related to Visual/Artistic Expression. To know the fundamentals of art and visual expression as well as the didactics related, so that they are used as learning tools.
- To be sensitive to the aesthetic and visual messages and enjoy, appreciate and critique artworks and artistic images in general, paying special attention to contemporary creations.
- To use visual languages in order to teach, document, describe, build stories and narratives that help us to reveal and understand in depth the complexity of life and visual expressions. Likewise, to use different procedures and various expressive means of representation and communication (as well as designing and using teaching and learning tools based on the images).
- To awaken an interest in Visual Arts and acquire personal skills to be used as pedagogical tools in the classroom in order to promote the integral development of students in elementary education.
- To develop the models proposed by the current legislation so that they might be effectively adapted to the possible educational situations.
- To strengthen the skills for critical analysis and planning in order to integrate and interrelate the visual content to other subjects in the speciality, and thus developing the ability to work in an interdisciplinary team.
- To reflect on and to verbalize the problems of art and the solutions provided by different cultures.
- To appreciate the observation of the environment as a stimulating means of representation and artistic creation.
- To draw up creative didactic units which develop content, objectives, methods and assessment in the Teaching and Learning of Visual Arts.
- To launch initiatives that relates the contemporary art and its social actors to the prevailing educational world.

- EV-C3 Degree of involvement and attitude of the students expressed in their participation in the consultations, presentations and debates; as well as in the elaboration of the works, individually or in teams, and in the sharing sessions.
- EV-C4 Attendance at classes, seminars, conferences, tutorials, group sessions.

#### ASSESSMENT TOOLS:

- EV-I1 Written assignments: essay, short answer, objective, cases or assumptions, problem solving.
- EV-I2 Oral assignments: presentation of work (individual or in groups), interviews, discussions.
- EV-I3 Observation scales.
- EV-I4 Portfolio, diary, reports.

#### ASSESSMENT PERCENTAGES:

Theoretical contents: 40%

Practical contents: 60%

Regulations for the evaluation and qualification of students at the University of Granada (BOUGR No. 112, November 9, 2016. (Normativa de evaluación y de calificación de los estudiantes de la Universidad de Granada (BOUGR núm. 112, de 9 de noviembre de 2016)

- Article 9. Evaluation by incidents (Evaluación por incidencias). Students who cannot attend the ordinary or extraordinary assessment test on the date assigned by the Faculty may request the Director of the Department to carry out an incidental assessment, in the cases established in Article 9 of the Regulations for the Assessment and Qualification of Students at the University of Granada. These cases must be properly accredited when the application is submitted to the Director.

### EXTRAORDINARY EXAMINATION DIET

For the extraordinary call, the criteria and percentages will be the same as the ordinary call. In any case, it is strongly recommended to contact in advance the lecturer in charge.

### SINGLE FINAL ASSESSMENT (evaluación única final)

Article 8. Final single call (Evaluación única). In order to benefit from the final single evaluation, the student, in the first two weeks of the course, or in the two weeks following his/her enrolment

if it has taken place after the beginning of the course, will request it, through the electronic procedure, to the Director of the Department or to the Coordinator of the Master's Degree, alleging and accrediting the reasons for not being able to follow the system of continuous evaluation.

**A) THEORETICAL TOPICS TASK:**

They will deal with the topics of the course programme and will be carried out in written form:

1. Theories, history, fundamentals and critical perspectives in art education.
2. The construction of visual symbols.
3. Artistic languages in visual arts.
4. Visual image creation and culture creation through visual and material media.
5. Critical analysis and assessment of the curricular design and curricular material in art education for primary education.
